We wish next year's staff lots of luck and hope that they have fewer problems than we had, and maybe even more fun!

I, the Editor, wish to extend my thanks especially to Mrs. Heckler, our advisor, for all the hours she has worked on our behalf and to everyone else who gave us their co-operation and support.

Dedication

MRS. KUENZLI

The Annual Staff of '64 proudly dedicates this book to Mrs. Kuenzli, who has given many years of service as a teacher to the Germantown Public School System. She has given unselfishly of her time and effort for three years as the advisor to the Senior Class. Her enthusiasm in classes, especially Latin, encouraged many students to become interested in the language and also helped bring about the Annual Latin Club Banquet. No words can express our sincere and humble gratitude for her help and guidance.

Superintendent's Message

MR. KLOPFER - Superintendent

To you, the Class of '64, and to future graduating classes, the torch has been passed. In the words of our late martyred president:

". . . Let the word go forth from this time and place, to friend and foe alike, that the torch has been passed to a new generation of Americans --born in this century, tempered by war, disciplined by a hard and bitter peace, proud of our ancient heritage. . . ."

It is your job, the youth of this country, through your own tolerance, patience, and intellect, to remove the vestiges of bitterness and hate that led to the pointless assassination of President John Fitzgerald Kennedy.

It is my wish that all of you will do your utmost to erase the bigotry, prejudice, and arrogance that divide us and make it impossible for man to live with man. I hope all of you will work toward uniting all Americans and toward making this nation better for those who follow.

To all of you I offer my sincere congratulations and my best wishes for future success. May God give you strength to carry the torch.

V. L. Klopfer

MRS. EVANS - Secretary

Principal's Message

MR. LINDENMUTH - Principal

Twelve years ago when you entered the first grade, most of you were so engrossed at "being in school" that graduation did not enter your mind. Nor were you aware that our country was in the midst of what was termed a "police action" in Korea. Little did you know that in these twelve years you would sit in the high school auditorium and witness, via television, the first American being shot into space and see or hear other astronauts circle the earth.

Today the war in Korea is history, but Americans are still dying in all parts of the world trying to help preserve freedom, the foundation of our American way of life.

My sincere wish is that you, the members of this class, find success in all your endeavors. May you help keep this nation strong, not by advanced technology alone, but also by practicing Christian principles in all dealings with your fellow man.

Ward A. Lindenmuth

Senior Class History

In September of 1952, fifty-one bright eyed students entered the first grade at Germantown Elementary School. They were Bill Albert, Lenny Baker, Jeffrey Barton, Janet Blankenship, James Boothe, Dan Bowser, Judy Boyer, Ron Boyd, Mark Brombaugh, Mike Caden, Linda Cox, Imogene Daniel, Gerald Emrick, Judy Emrick, Linda Emrick, Mary Sue Eversole, Mary Fleming, Mike Fox, Shirley Frymeyer, Sue Garner, Bonnie Gunckle, Silas Hammond, Joyce Havens, Naomi Holbrook, Tim Howard, Tom Jones, Gary Kidwell, Jean Kern, Lamar McClellan, Bernie McGuire, Marie Mann, Gloria Mefford, Pat Mears, Nancy Mullendore, Ken Nickell, Pam Powell, Jerry Roberts, Carolyn Roberts, Mark Rose, Diane Russell, David Shade, Chester Smith, Ric Smith, Sharon Smith, Don Stiver, Ken Thompson, Steve Walter, Carol Watkins, Joyce Weaver, Sue Weidle, and Mark Wright.

In the second grade, Karen Dearth, Jewell Napier, Pat Pierce, Carol Rockey, and Betty Jo Smith joined us. This was the year for an exciting train trip from Middletown to Dayton, where we visited the city fire department. A few of the class will remember getting lost, while the rest of us will remember the frantic search.

By the time the third grade rolled around, most of us had found our best friends. Ric Smith and Mike Fox had a very special friend, a pet ghost for which a special chair was provided between them. No one dared sit in that chair. Chester Smith had already formed his own army of fort builders, and Gary Kidwell remembers trading his wet clothes for dry ones which were provided by the Salvation Army when it snowed or rained. During this year Bill Bontrager, Virgil Jones, Eddie Smith, Richard Spooner, Mark Stull, and Bob Turner became members of our class.

The fourth grade brought us some new and exciting things. Silas Hammond furnished us with our own Superman by typing his coat around his neck and leaping fearlessly from the monkey bars. Jim Boothe had his appendix taken out; naturally he showed everybody his incision. Danny Bowser caused some excitement when he got lost when we went to the zoo. We found him much to our disappointment.

The fifth grade found Mary Fleming rolling her bubble gum down the hall to the principal's office, with her nose. You've heard that teachers try to beat things into their students' heads, well, it seems that some students in a particular fifth grade room had some of their education beat into them from the other end. Charles DeChauntee, Carolyn Powell, and Judy Runyon were added to our class this year.

In the sixth grade, Judy Boyer had a major catastrophe on the merri-go-round just about every day, the result being that Judy Emrick had a wet skirt every day. Ken Thompson should remember being sat on and spanked by our frail young teacher. Popcorn parties and daily hand and fingernail inspections were all part of the school year.

The next year we took the big step from grammar school to junior high. We soon found, however, that being in the high school building wasn't as great as we thought it would be. Remember that first day when we got lost and couldn't find the study hall? Well, was it our fault that they gave us the wrong room number? Marshall Carpentar, Jim Kalmbach, and David Shuey were added to our ranks.

The eighth grade brought with it our first science fair. And speaking of science, will anyone ever forget the sound of shattering glass the day the teacher rested his elbow on the opened window. And then there was the day that he courageously dropped some sodium in water and then walked swiftly to the door, leaving his students behind to be showered with water. Richard Cole and Sharon Sorrell joined us during this eventful year.

Despite our scientific experiments, we made it to the ninth grade, which was a year of firsts for us. It was our first year in high school! Our first homecoming attendants were Carolyn Powell and Sharon Smith. Our two new members were Dan Beatty and John Hitte.

In our Sophomore year, Mrs. Kuenzli entered the picture as our class advisor. The year was filled with soc hops and bake sales and Mrs. K's constant reminder of the money and points we had to have for the Prom. That summer we did something that no other class had ever done. We had an ice-cream social. It took a lot of hard work but it was worth it because it turned out to be our biggest money-making project of the year. Another class must have thought it was a good idea, too, because they tried it the following summer. But unfortunately their's wasn't as successful as ours. Ken Phelps, Danny Schultz, and Richard Shade, entered our class.

With strawberry stained hands and money-filled pockets, we entered the eleventh grade. The college prep class had some trouble with Chemistry. Mark Brombaugh, for instance, couldn't seem to stay on his chair. They did learn two things though: one, that ammonia is for things other than smelling up the halls; and two, that it doesn't help to get a copy of an upcoming exam unless the whole class sees it in time to memorize it. The junior homecoming attendants were Carolyn Powell and Judy Emrick. We presented the "Night Owl" as our class play. Elaine Monk was a newcomer that year.

Finally, in 1964, the Class of '64 began its last year of high school with Mrs. Baker as class advisor. At last we were mighty SENIORS! Two harmless little cats made our class play "Nuts and Bolts," something for Tom Jones and Virgil Jones to remember. Now we are facing graduation with both eager anticipation of being out of school and of entering a new world and reluctant to leave the memories of our high school days behind! Jackie Bishop, Joe Herbert, Ann Milner and Vaughn Schaaf joined us to complete the Class of '64.

The organization is quite helpful to all the girls in understanding their obligations to themselves, their school, and the church.

Junior Council on World Affairs (J.C.O.W.A.)

This was a newly organized group under the leadership of Mr. Coghill. They presented a few interesting assemblies during the year and received third place in competition with other schools for United Nations Week. Their main highlights were the Mock General Assembly which they attended in Dayton, the Current Events Test given to the members and then their trip to Washington, D. C. and New York City. Nine students accompanied by Mr. Coghill departed with Dayton students for a week of viewing the government, sightseeing and enjoyment. This club was very successful and should progress thru the years.
